

Feb 18, 2026

Dear Friends and Family,

Forgive me for not being in touch. January 16 I was admitted to the hospital with an acute bladder infection. Then Jan 20 I had back surgery. Jan 28 I went to a better hospital for rehab. Feb 12 I was moved to the Gardens at Brook Ridge assisted living facility. My right hip doesn't let me put weight on that leg so I'm in a wheelchair most of the time. Tim and Debbie got me a wonderful recliner!! I have a one bedroom apartment, with my furniture so it feels like my home. I'm well taken care of.

I miss my church, playing my cello, and at the seminary. I would appreciate your prayers for use of the right leg and getting to know people here.

God Bless you,

The Gardens at Brook Ridge
