Dear Friends at Cityview Community Church,

Thank you for your faithful support. I'm privileged to be able to continue to serve the God of the Universe.

I'm sure you are all aware of the devastating **flood** that hit Texas. Continue to **pray** for the families of those over a hundred who lost lives, many from a Christian camp. It's hours away from me but the sorrow has hit all of us.

I had a **pain management procedure** done this week that was supposed to reduce the pain in the right leg and hip. But so far hasn't done much, still have a lot of pain. The severe arthritis in the hip and knee cap plus bone on bone hip doesn't help. For security reasons I'm using a walker. It helps a lot at home but I find it awkward in public, not quite used to it. Sometimes my knee just gives out. Number one advice from the doctor – **DON'T FALL** .

Next week I'll be going to Oregon with my 4 children to **bury Phil's cremains**. His body was donated to science and they said it would probably take 2 years, which it did. Our daughter has a family cemetery where her husband and little daughter Sarah were placed. I would appreciate prayer for that special family gathering.

God bless you,

Arleen Blycker
