

**2025-2026**

**Sundays | 9:15-10:10 a.m.**

We provide a variety of classes during our Explore Hour that will help enrich your understanding of the faith. These classes promote spiritual growth, theological and biblical insight, and ministry development, all of which will help you to become a mature and equipped follower of Christ. To meet this goal we offer classes in five different tracks:

- **The Well** - Introduction to the Christian Faith or Cityview Community Church
- **Berea** - Inductive Bible Study
- **Tyrannus** - Training for personal ministry (i.e., discipleship, evangelism, leadership, etc.)
- **The Portico** - Practical instructions on topics such as marriage, parenting, and finances
- **Areopagus** - Intellectually rigorous classes on theology and apologetics

We also have Explore Hour classes for Kids' City, CityLink, and CityStu (middle school). CityStu High School attends a combination of adult electives and youth group-specific classes that will run throughout the ministry year (classes TBA). These will be communicated by Jake Thomas in the CityStu newsletters.
