

The Navigators

January 2024

God continues to show us His grace and this time He is showing it to us through you.

'HAVE A GREAT NEW YEAR'

Dear Family at CityView,

As we have said many times before, "Together God is using you and us to make a difference one person, one couple at a time. Fifty three years ago God led Lelah and me to take a huge step of faith and become missionaries with The Navigators. The result has been that people have come to Christ, disciples have been established in their faith, and laborers have been raised up for His church who are now working to advance the gospel of Jesus both here at home and overseas.

You have played a huge role in enabling us to keep going through your prayers and gifts. So once again, "A GREAT BIG THANKYOU FOR YOUR PARTNERSHIP WITH US!"

*We both have had Covid in
January but are through it & doing
great. Thank you for standing with us. Looking forward to our meeting 2024*

Love In Christ,

Ron and Lelah
