Clark and Ann Peddicord in Berlin

7. February 2024

Dear Friends,

THANK YOU IMMENSELY for your prayers! (Luke 6:38)

Thank you for praying for **Clark's teaching on "Cultural Apologetics"**.

Jesus has uniquely been in the center of the teaching and the Q&A discussions. I think that everyone in the class of 25+ people would say that they have learned more than they expected and that it is a time of inspiring growth.

In Berlin **the integration of the new "Haus Nazareth" students** seems to be going well. People are getting settled, hanging out, sometimes eating and studying and praying together. We'd appreciate your continued prayers for HN to be a bridge-building community.

Serious Prayer Request

One of our students - whom we will call "R" - needs serious prayer to be surrounded with God's miracles and protection.

"R" will be carrying Bibles to friends and family in a country that suppresses the open reading and preaching of the Gospel. The family belongs to another religion and has just learned in the past 6 months or so about the new connection with Jesus.

Would you please pray for "R's" travel, conversations with family, and safe return?

We are still struggling with finances in both Berlin and USA.

Ministries, like everyone, have many expenses. This year there are a number of large bills to pay for repairs, help, services, and the necessary internet upgrade. If God has blessed you in ways that allow you to help, we would be very grateful.

Tax deductible support donations can be sent:

Warmly in Christ,

Ann and Clark

PS: In our last e-mail, we shared that our new granddaughter, Eva Ruha ("breath of God"), was born on Christmas Eve.

She came into the world giving a great gift of JOY. We will soon be meeting her face-to-face for the first time.

****Would you please pray for ALL of our grandchildren to meet and walk with Jesus in life-transforming, powerful, faith-filled ways that magnify God?****
