This resource is designed to go along with the Biggest Story Bible and the curriculum that CityLink will be using this year. The resource will benefit

families with kids ages 3-12.

Amazon Description:

The Bible is a BIG book about the BIGGEST story. Each page tells about the God who created the world, acted in history, and continues to act in the present. These kid-friendly devotions, based on Bible stories as retold by Kevin DeYoung, give parents and children hundreds of easy, memorable opportunities to experience God's story together.

The Biggest Story Family Devotional features 104 Bible stories. Each story includes a brief Big Picture introduction and a Gospel Connection summary to help children understand and apply Scripture. A QR code on each story page links to an animated video retelling that parents and children can watch together. The 104 stories each include 5 individual Bible readings (520 in all) that families can complete whenever they choose—during dinner, before bed, one per day, or several at a time. Each reading has family discussion questions, a prayer, and space for notes.

With The Biggest Story Family Devotional, families will encounter real stories from Genesis to Revelation and learn how they unite to tell the big story of God's love for them.
